The Honorable Tom Cole
Chairman
Committee on Appropriations

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting \$2,750,000 for the Expanding Dental Access at the Stockley Center project in Fiscal Year 2027. The entity to receive the funding for this project is the State of Delaware, located at 1056 S. Governor's Ave., Dover, DE 19904.

The funding would be used to renovate and make capital improvements to the dental suites at a state owned facility that offers disability services. This will expand access to dental care for people with disabilities living in the community and Sussex County residents who cannot otherwise access routine dental care.

This project is an appropriate use of taxpayer funds because it leverages existing state-owned clinical space, improves safety and efficiency within the building, and addresses a documented gap in access to routine and sedated dental procedures for patients with disabilities and other high-need populations.

The project has a Federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'S. McBride'.
